

### Use the Spanish You have Learned!!

#### Ask & Teach

Your assignment is to go home and ask someone (parent/guardian, brother, sister, etc) the following questions in Spanish. If they do not know Spanish, you must TEACH them the meaning and pronunciation, as well as how to respond.

Once they have responded to your question in a complete sentence, have them sign or initial next to the question! Finally, write the person's correct answer that you taught them on the given answer line.
