Your pen pal from Argentina has asked you to tell her about a member of your family. First, tell her the person's name, age, and relationship to you. Then, describe what the person is like.

Once you finish writing, read your description and check to make sure that all the words are spelled correctly and that you have used accents where necessary. Also, check to make sure the endings of the adjectives agree with the nouns they are describing.

Hola, Ana Sofía:

Saludos,
