

TENER MINI-PROJECT

You have learned that we use TENER to express many different things...
1.) your age, 2.) things you have, 3.) things you feel, and 4.) things you have to do.
Make a display showing what you have learned!

Directions:

- 1.) Write 8 JUICY sentences using TENER, using a different subject for each sentence. Make sure your sentences demonstrate all 4 the different ways TENER can be used.
- 2.) Draw, print out, or cut out a colorful picture illustrating each JUICY sentence.
- 3.) Fold a sheet of paper into 8 equal sections. In each section, include the JUICY sentence and the picture.
